SUMMARY

Multidisciplinary UX Researcher & Systems Designer

with a Master's in Digital Experience Innovation. Expert at applying Systems Thinking and Human-Centered Design to solve complex accessibility challenges. Proven ability to lead cross-functional Agile teams and conduct rigorous UX product audits for enterprise-scale case studies.

EDUCATION

University of Waterloo

Master of Digital Experience Innovation (MDEI)

University of Toronto Mississauga

Honours Bachelor of Arts: Communication, Culture, & Information Technology (CCIT)

Waterloo, ON

Sept 2025 - June 2026

Mississauga, ON

2020 - 2024

SKILLS

UX Research:

Product Design:

Systems Design:

Methods & Accessibility:

Tools:

AI Prototyping & Development:

User Research, Usability Testing, System Usability Scale (SUS), UX Audits, Affinity Mapping, User Personas

User Flows, Wireframing, Prototyping, Interaction Design, Information Architecture, Design Systems

Systems Mapping, Root Cause Analysis, Stakeholder Mapping, Feedback Loops & Ecosystem Modelling

Human-Centered Design (HCD), Agile/Scrum, Design Sprints, WCAG 2.1 Accessibility

Figma, Adobe Creative Suite, Miro, Google Analytics, GitHub

Claude Code, OpenCode, Google Stitch, Figma Make

GRADUATE RESEARCH & SYSTEMS DESIGN PROJECTS

Design Lead for Mozilla | MDEI Intensive II

University of Waterloo, School of Interaction Design and Business

Waterloo, ON

April 2026

● Agentic Interface Design:

Served as Design Lead for a rapid 2-week sprint focused on evolving the Firefox browsing experience into a proactive, fully integrated AI browser capable of multi-tab information synthesis.

● Systemic Transparency:

Designed high-fidelity prototypes that solve the "black box" AI problem by making automated reasoning and data access fully visible and user-controllable without manual prompting.

● Evidence-Based Iteration:

Aligned agentic AI features with core Mozilla principles of privacy and ethics, ensuring a high-trust experience for fully integrated browser environments.

Lead UX Researcher / Product Designer

Applied Design and Strategy Projects: Loblaws, Cineplex, Airbnb, Indigo

Waterloo, ON

Sept 2025 - April 2026

● Loblaws:

Spearheaded cross-functional alignment between management and technical teams, facilitating weekly Agile sprints to deliver high-fidelity management-level prototypes.

● Cineplex:

Directed the research-to-design pipeline for mobile prototypes, utilizing Agile sprints to iterate based on user friction points and business requirements using Figma.

● Airbnb Video Walkthrough:

Conducted a comprehensive Feasibility Analysis and UX Audit, validating a feature proposal that projected a 0.20% conversion lift and \$24.4M in incremental revenue.

● UX Audits (Indigo & Partiful):

Executed heuristic evaluations and accessibility audits focusing on navigation hierarchy and user mental models to increase conversion and retention.

● Aida (AgeTech Innovation Challenge):

Organized the end-to-end research and UX design for a digital ecosystem supporting multi-generational caregivers. Formed a cross-functional team to tackle complex healthcare workflows, designing features to reduce cognitive overhead and provide user respite.

● Research Synthesis:

Facilitated affinity mapping and information architecture restructuring using Miro/FigJam to simplify complex checkout and booking flows.

PROFESSIONAL EXPERIENCE

Creative Lead & Brand Designer (Freelance)

Clients: Xelune, Capulus Coffee House

Toronto, ON / New York, NY

Jan 2025 - Present

● Partner closely with stakeholders to define project scope and translate business objectives into user-centered design solutions.

● Apply UX/UI principles to branding and physical touchpoints, creating cohesive visual systems for lifestyle and hospitality brands using Figma and Adobe Illustrator.

● Manage end-to-end digital production, ensuring visual assets align with target market user preferences and modern interface standards for social and web platforms.

Graduate Teaching Assistant | GBDA 304: Marketing in the Digital World

University of Waterloo, School of Interaction Design and Business

Stratford, ON

Jan 2026 - April 2026

● Developed and audited assessment criteria for upper-year marketing deliverables, ensuring alignment with industry standards and core learning objectives.

● Reviewed and graded student deliverables for marketing strategy assignments, providing constructive feedback to enhance student learning outcomes.

Communications Coordinator

Fife House

Toronto, ON

May 2022 - March 2024

● Optimized UI/UX for web and newsletter platforms, improving navigation and typography to ensure WCAG 2.1 compliance and a seamless responsive experience across devices.

● Leveraged Google Analytics to monitor user behavior, iterating on site architecture to increase digital engagement by 8.5%.
